## IMPORANT INFORMATION RELATING TO NEW LAW IN EAST HAMPTON VILLAGE REGARDING LICENSING FOR LANDSCAPERS AND SEASONAL BAN OF GAS-POWERED LEAF BLOWERS

Effective January 1, 2020 the Village of East Hampton will now have two new laws affecting landscapers who do business in the Village. They are as follows:

- Any landscaper (defined as any person over the age of 18, corporation, partnership or business entity who tends, plants, installs, maintains or repairs lawns, gardens, hedges, flower beds, trees, shrubbery or landscaping of any kind on property which such person or business does not own or reside pursuant to a written or oral agreement for compensation) must complete an annual registration form and pay an annual nonrefundable registration fee of \$200.00. Annual registration, at minimum, requires a valid and current Town of East Hampton Home Improvement License. For each vehicle used by the landscaper, a permit is required and are an annual nonrefundable fee of \$10.00 each.
- The use of gas or diesel-powered leaf blowers will be prohibited from June 1<sup>st</sup> to Labor Day of each year. Gas or diesel-powered leaf blowers may be used when responding to an emergency or clean-up after a major storm when the Mayor has declared a State of Emergency.

If you do provide landscaping services in East Hampton Village and the above definition applies to you, please complete the enclosed form and return it to Village Hall either by mail, email or fax. The Village will use this information to contact you again in January when licenses are available for purchase.
